To the Rector, Wardens, and Vestrymen of Christ Church, St Peters, and St James in the City of Philadelphia.

The Corporation of St Johns Church in the North-east Liberties, being involved in a debt of about $17,000 is extremely anxious to avail itself of every proper expedient to reduce that amount. Among other things it has been suggested that a Concert of Sacred music, held in some central situation in the city, would afford such an opportunity to those disposed to contribute to the relief of a Sister Church, as might be gratifying to them, and profitable to us.

With a view to the above object, the undersigned, a committee appointed for that purpose, respectfully solicit the use of St James Church, pledging themselves that it shall be left as clean, and in as good order in every respect as we may find it.
